8. Obligatory media entry "Basic"/ trade fair magazine

8.1 Obligatory media entry "Basic"

The obligatory media entry "Basic" in the amount of € 390.00 will be charged with the stand invoice. For components see form B.

Inclusion of the data (depending on the procedure used) is based on either alternates or accumulations for the following:

- The official trade fair publication (e.g., Visitor Guide, etc.)
- The online catalogue on the Internet

8.2 Trade fair publications

To the extent that an official catalogue or other publication is provided for the trade fair or a database of the exhibitors is uploaded to the Internet, the following rules will apply:

- The entries will be made based on the information provided by the exhibitor in the registration documents. The exhibitor is exclusively responsible for the correctness of the information that he provides. The AFAG will accept no responsibility whatsoever for this. The same applies to additional orders placed with the publisher by the exhibitor.
- The AFAG expressly points out that, with the exception of the publisher named by the AFAG, no third parties whatsoever, and also no other publishers are commissioned or will be commissioned with the preparation of trade fair publications and exhibitor directories – in particular after the trade fair has been held. If such offers should be received by the exhibitors, these are initiated by third parties which have no relationship to the AFAG whatsoever.

The event organiser will transmit the contact data of the exhibitors to the relevant media partners for the purpose of offering announcements pertaining to the trade fair. (Trade fair special pages/collectives, text and picture.)

9. Online Service Center:

All services and options for your stand equipment can be booked via our Online Service Center. You will receive the login details for this from January 2028. The technical guidelines, construction regulations and house rules listed there are an integral part of the contract.

10. Waste disposal & security fee:

This fee is shown separately on the stand invoice and constitutes a general charge levied by the organiser. It covers additional protective measures exceeding the organiser's general duty to ensure event safety, as well as the segregation and disposal of event-related general waste.

Irrespective of this fee, exhibitors are required by law (e.g. under the Commercial Waste Ordinance) to prevent waste generation where possible and to separate waste into recyclable fractions (paper and cardboard, glass, plastics, metals, wood, textiles and biodegradable waste).

The disposal of wet waste, kitchen waste, hazardous waste and pollutants, as well as the disposal of waste volumes exceeding average levels, will be charged separately in addition to this fee.

14. Smoking prohibition:

We point out that, at the time of the event, because of the legal situation in force in the state of Bavaria, a ban on smoking must be observed and implemented. The no-smoking legislation also applies in the catering establishments in the halls and service areas.
