

Parking information for Trucks, Trailers, Loading Bridges, Caravans and Motorhomes during the Trade Fair

(Due to regulations of Nürnberg exhibition center, we are providing the following information to our exhibitors)

Parking of trucks, trailers, small transporters, loading bridges, caravans and motorhomes is **prohibited** during the trade fair on designated parking areas, in the loading yards of the Nürnberg Exhibition Center (except for limited deliveries with a pass), and on Große Straße. This also applies to vehicles that resemble trucks, trailers, small transporters, swap bodies, caravans, and motorhomes.

There is a designated parking area for the vehicles mentioned above. Access to this parking lot is signposted with a truck symbol from the exhibition center and can be found on the map printed on the reverse side. The area is enclosed, and on-site instructions will be provided by security personnel. The parking lot is open on the last setup day from 8:00 AM to 8:00 PM. On this day, a free shuttle bus service is available for drivers between the **parking area on Poststraße 4** and the Nürnberg Exhibition Center.

On the last day of the trade fair, the truck parking lot is open from 2:00 PM to 8:00 PM. From 4:00 PM to 7:00 PM, a free shuttle bus runs from the exhibition center, at the entrance gates of the loading yards, to the truck parking lot on **Poststraße 4**.

According to the regulations of the City of Nürnberg, the parking area is **closed** outside these times. Entry and exit are only possible after prior registration at +49 911 9811880 (or +49 911 86066171 after 6:00 PM).

By the last setup day or the first day of the trade fair (the night before the fair begins), at 2:00 AM, all trucks (including trailers, bridges, motorhomes, and caravans) must be removed from the loading yards and all parking areas of the exhibition center! **Any transport vehicles still parked on the premises after this time will be towed away, at the owner's expense and risk without prior notice** and will only be returned upon payment of the towing costs. The exhibitor is responsible for paying the towing costs for both their own and rented or contracted vehicles.
